PRELIMINARY CONGRESS AGENDA

Congress topics:

- Lean Six Sigma
- Breakthrough productivity growth
- Integrated development of business, innovation, production and quality management systems.
- Process modelling& optimization
- Digital process simulation & visualization
- Quality 4.0.
- Digital technologies for improving the effectiveness of organizational improvement projects
- Extending the life of industrial equipment

Speakers:

Vasily Osmakov
Deputy Minister of the Ministry of Trade and Industry of the Russian Federation
Being agreed

Vladimir Knyginin
Vice Governor of Saint-Petersburg
Being agreed

Irina Golubtsova
CEO RCC
Being agreed

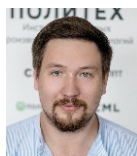

Alexey Korablev
President of the Concern «R-Pro», Chairman of the Board of the «Creonomyca» Cluster

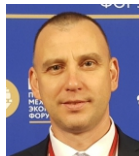

Victoria Litun
Chief operating director of the Concern «R-Pro»

Anatoly Perepelitsa
CEO URTC «Alpha-Intech» LLC

Vladislav Tereschenko
Leading specialist, Peter the Great St. Petersburg Polytechnic University

Vladimir Genkin
Executive Director, "Polytech-Consult" LLC

Fyodor Dmitriev
COO RCC SPb

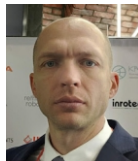

Andrey Senov
Commercial Director, Partner, Alt-Invest, Group of companies

Sergey Reshetnikov
Chief Power Engineer, "Suprotec" LLC

Maxim Korablev
Director of Business Development, Concern «R-Pro»

Nikolay Sheshko
Head of industrial research, Brest State Technical University

Valery Kasyanik
Head of industrial robotics laboratory Brest State Technical University

Andrey Kaverin
Associate Professor, Gubkin Russian State University of Oil and Gas

Ekaterina Gasanova
development manager Cluster «Creonomyca»

Tatiana Rudakova
Head of the Business Events Department, Cluster «Creonomyca»

INVITED SPEAKERS:

Alexey Korablev -
*President of the Concern R-Pro,
Chairman of the Board of the
Creonomyca Cluster*

**Modern innovative
lean manufacturing
technologies**

Maxim Korablev -
*Director of Business Development,
Concern "R-Pro"*

**R-Pro Robotics Solutions
for breakthrough productivity
improvement**

Anatoly Perepelitsa -
CEO URTC "Alpha-Intech" LLC

**The assessment
of the economic efficiency of the
use of
robotic complexes**

Vladislav Tereschenko -

*Leading specialist,
Peter the Great St. Petersburg
Polytechnic University*

**Online simulator as a tool for
attracting personnel from
enterprises in the industry of
the new technological
paradigm into a continuous
process using
lean production**

Vladimir Genkin -
*Executive Director,
"Polytech-Consult" LLC*

**Comprehensive
multidisciplinary consulting
— as a mandatory tool for
the introduction of lean
manufacturing technologies**

Fyodor Dmitriev -
COO RCC SPb

**Cases of the RCC for
the introduction of
lean technologies**

Andrey Senov -
*Commercial Director, Partner,
Alt-Invest, Group of companies*

**Modeling and analysis
of productivity
improvement projects**

Sergey Reshetnikov -
*Chief Power Engineer,
"Suprotek" LLC*

**Tribotechnical compositions
of "SUPROTEC"
for lean production**

Victoria Litun -
*Chief operating director of the
Concern R-Pro*

**Local software
for Lean Six Sigma
in the field of digital twins**

**Nikolay Sheshko,
Valery Kasyanik -**
Brest State Technical University
**Digital engineering
as a means of reducing costs
when creating
or modernizing production**

Andrey Kaverin -
*Associate Professor, Dept. of Designing
Systems for the Arrangement of Hydrocarbon
Deposits, Gubkin Russian State University
of Oil and Gas*

**Reduction of greenhouse
gas emissions as a result
of lean manufacturing**

Liza Eyvazova -
*Development manager
Cluster «Creonomyca»*
**Possibilities of Cluster
«Creonomyca» for collaboration
in order to increase
the productivity
of modern production**

Tatiana Rudakova -
*Head of the Business Events Department,
Cluster «Creonomyca»*

**Announcement of the
Russian Robotics Week 2022**

**Moderator
Yuldasheva Oxana -**
*Doctor of Economics,
Professor,
St. Petersburg State
University of Economics*

Please contact the organizing Committee for sponsorship and detailed information of participation in The Congress with a presentation.
